RAILROADS.

MILWAUKEE & MISSISSIPPI R. R.

FALL ARRANGEMENT.

ON AND AFTER October 5th, 1856, the trains will run as follows, Milwaukee, Janesville, Madison and Muscoda, which is 150 miles West of Milwaukee and 40 miles from Prairie du Chien, as follows:

LEAVE MILWAUKEE

At 8.30 a. m., connecting at Milton with the train from Chicago on the St. Paul R. R., arriving at Madison at 1.30 p. m., and at Muscoda at 6.00 p. m.

Leave Milwaukee also at 4 p. m., connecting at Milton with the train from Chicago, and arriving at Madison at 9 p. m.

LEAVE MADISON.

At 7.00 a. m., connecting at Janesville with the St. Paul train from Chicago, and arriving at Milwaukee at 12 m. By this train passengers have time to dine in Milwaukee and reach Chicago by the Lake Shore R. R. in time for the 9 p. m. trains going East.

LEAVE MUSCODA

At 10 a. m. arrive in Madison at 1.30 p. m., dine, and take the 3 p. m. train for Janesville, where it connects with the St. Paul train for Chicago; and arrives in Milwaukee at 8 p. m., in time for the 9 p. m. Boat to Chicago, arriving there in time to take the early morning trains going East.

The morning train from Milwaukee takes passengers from Milwaukee and Chicago through to Muscoda, where they connect with Davis & Moore's Stages for Prairie du Chien.

This is already the shortest and cheapest route to the Upper Mississippi.

A train leaves Madison at 6 a. m. for Muscoda, and returns, leaving Muscoda at 4.30 p. m. on the arrival of the Stages from Prairie du Chien. By this arrangement, passengers leaving Prairie du Chien in the morning reach Madison at 7 p. m. of the same day.

Passengers who leave Madison at 7 a. m. via Janesville and St. Paul R. R. arrive in Chicago in time for the 8½ p. m. trains East.

Passengers by Davis & Moore's Stages will be conveyed to and from the several stations on the arrival and departure of the Cars, to Galena, Mineral Point, Dodgeville, Richland City, Baraboo and Sauk City.

RAILROADS.

Pittsburgh, Fort Wayne & Chicago R. R.

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all Interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between

CHICAGO AND THE EAST.

FARE AS LOW AS ANY OTHER ROUTE.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on VAN BUREN ST., daily as follows:

2:30 P. M. 8:00 P. M.

With but one change of cars to Pittsburgh.

CHECKING BAGGAGE THROUGH

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 50 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

MILWAUKEE:

Friday Morning, March 20.

For Chief Justice of the Supreme Court,

EDWARD V. WHITON.

ELECTION, TUESDAY, APRIL 7.

News of the Morning.

We have another batch of new appointments from Washington, and as one of them is the Postmaster at Chicago, it will probably be the turn of Milwaukee next. The President is greatly harassed, and his health seriously impaired, by the legion of office-beggars now laying seige to the White House.

Two steamers, with three and six day's later dates from Europe, are now due at Halifax and New York. We shall doubtless hear from them to-day.

The bridge on the Great Western Railway, the scene of the recent terrible catastrophe, has been repaired, and trains are again passing over it.

We have a report that a majority of the Cabinet are already sick of the "Rotation to Office" doctrine and desirous of going back to the old rule.

The New York Market of yesterday shows another decline in breadstuffs, with an improvement in pork and an easier money market.

The first boat of the season is expected here to-day from Chicago. The Lake is entirely clear of ice, and our New Harbor at the Straight Cut open, as it has been all winter.

See our Local and Advertising columns for a variety of news and business items.

Appointments for Wisconsin.

A private telegraphic despatch, received in this city last evening, stated that JOHN B. EDWARDS had been appointed Post Master for this city; and G. W. CLASON, Collector; and that H. M. BILLINGS had received the appointment of U. S. Marshal. We do not know what degree of reliance is to be placed in this report; but give it as we heard it.

The County Judgeship.

We publish this morning a call, very respectably signed by gentlemen of different pursuits and political persuasions, requesting Mr. ALBERT SMITH to become a candidate for County Judge, and the reply of Mr. SMITH acceding to the request. Mr. SMITH has for several years past acceptably filled the office of Justice of the Peace in the First and Seventh Wards, and would make an honest and capable County Judge. Our own preferences, however, for that office, are in favor of the present incumbent, BYRON PAINE, who has been tried and found entirely competent and trustworthy; whom we should be be glad to see re-elected. Should he not be a candidate, our next choice would be ALBERT SMITH decidedly. The office is an important one and the electors should scrutinize closely the claims and qualifications of the several candidates who are aspiring to fill it.

ERROR CORRECTED.—Our attention has just been called to an error of the types by which, a few days since, we made the receipts of the Mil. & Miss. Rail Road for the first six days of March this year, to be less than the like days of last year. The true figures are as follows:

March 1857, 6 days,	$9,745,72
" 1856, " "	6,250,78
Increase	$3,494,94

THE PROPOSED ST. CLAIR AND RONDEAU CANAL.—The Chatham *Planet*, says it is with much pleasure that we this morning announce the result of the meeting of the rate-payers of Chatham, held in the Town Hall last evening. The greatest enthusiasm prevailed, and the sum of one hundred and fifty pounds was voted without a dissentient voice to defray the expenses of a preliminary survey. Many in their zeal said that $1000 or $2000, if required, should be given.

POST-OFFICE DEPARTMENT—NEW POST-OFFICES.—The following new Post-Offices have been established, for which the following gentlemen have been appointed Postmasters:

Blue Mound, Dane county, Wisconsin; Thos. Henry, postmaster.

Tiffany, Rock county, Wisconsin; Peter Smith, postmaster.

EARLY BIRDS.—The steamer *Huron* has come out from her winter quarters neat and fresh as a new dollar. She will leave to-day for down the lake ports as far as Manitowoc.

The propeller *Prairie State* is also to leave for Milwaukee for a load of wood.

The ice remaining in the river is weak and rotten, and a few days of warm weather would put matters on a spring footing.—*Chicago Dem. Press of yesterday.*

These "early birds" have not yet got along, tho' they are confidently looked for to-day. The *Prairie State* has some 60 tons of goods for this port (left at Detroit last fall) and after discharging here, will go on to Ozaukee for a cargo of wood.

A CHUNK OF COPPER was last week dug up in Dane County, on the line of the Watertown and Madison Railroad, while excavating earth. It weighs nearly ten pounds, and it almost as pure as if it had been smelted. It has been left at our office, for a few days, by Senator Barns, previous to being sent to New York for scientific purposes. —*Watertown Democrat.*

No use, friend *Democrat*. Such "chunks" are common through the drift region. We have one in our sanctum weighing some 25 lbs., found in this city.

ARRIVAL OF THE LA CROSSE AND MILWAUKEE R. R. TRAIN AT PORTAGE CITY.—The Portage City *Independent* says:—

The first passenger train of cars ran to Portage on Monday, the 16th. The track has been down so long, and there have been so many gravel and other trains running, that the novelty and enthusiasm attendant upon the advent of the first locomotive, had subsided. However, lots of people thronged the depot, and as the train slowly plodded its weary way along the borders of the town, the people then and there congregated at the depot aforesaid, did holler and shout most promiscuously. The road is at present in a bad condition—especially that part finished while snow was on the ground. The company are at work amending as fast as possible. Hereafter passenger trains are expected to run regularly, to this city.

RAIL ROAD AT FOND DU LAC.—The last Fond Lac *Commonwealth* has the following among its published proceedings of the Common Council of that city on the 16th:

Ald. Conklin moved to suspend the rules, and the subject of the Sheboygan and Mississippi Railroad, and the Milwaukee and Fond du Lac Air Line Railroad be taken up. Carried.

Mr. Starks of Milwaukee being present, addressed the Council in behalf of the Air Line Railroad Company, and presented an ordinance authorizing the city of Fond du Lac to issue Bonds not to exceed one hundred thousand dollars, to be expended in the construction of said road, between Fond du Lac and West Bend, which was, on motion of Ald. Taylor, unanimously adopted.

The Mayor presented the petition of J. Kirkland, President of the Sheboygan and Mississippi R. R. Co., in behalf of said road, which was on motion accepted.

S. E. Lefferts, Esq., also addressed the council, and presented an act of the Legislature, authorizing the City of Fond du Lac, to issue bonds to the amount of two hundred thousand dollars, to aid in the construction of the Sheboygan and Mississippi Railroad, and presented to the Council an ordinance drawn in accordance with said act, which ordinance was upon motion unanimously adopted.

THE MILWAUKEE SENTINEL.—We have been accustomed to look upon this paper as one of the very best upon our exchange-list. We have hitherto succeeded in getting along very well with the tri-weekly, but we can't do it any longer. We are now connected with Milwaukee by railway, and to keep up a corresponding progression with Milwaukee, newspapers, we must have the *Daily Sentinel*, Messrs. Editors, shall we be booked for it?—*Portage City Ind.*

Unquestionably.

The County Judgeship.

MILWAUKEE, March 17, '57.

ALBERT SMITH, Esq:

Dear Sir:—The office of County Judge of this County is about to become vacant: it is an office of great importance, and should be filled by some gentleman of known ability, attainments and integrity; and because we know you to possess these qualifications in an eminent degree, we take leave to solicit you to be a candidate for that office at the ensuing election. Your friends,

E. G. Ryan,	J. W. Brownson.

And others.

MILWAUKEE, March 18, 1857.

Gentlemen:—I have received your note of the 17th instant, inviting me to be a candidate for the office of County Judge of our County, at the ensuing election. I accept this invitation, and beg leave to express my very grateful acknowledgments for the complimentary manner in which you are pleased to communicate your wishes.

Whether successful or otherwise, I shall ever hold in kind remembrance this manifestation of your personal regard and confidence.

I have the honor to be,

Gentlemen, very respectfully,

Your obedient servant,

ALBERT SMITH.

HOUSES SENT TO KANSAS.—An enterprising firm in Cincinnati is manufacturing and selling large numbers of cottage houses, suitable for small families, to go to Kansas. They are well adapted to the wants of settlers in a country where both saw mills and timber are scarce, and where it is of course difficult to provide comfortable habitations on short notice. They are sold at prices varying from $75 to $100, and packed in convenient form for shipment, and can be set up in a few hours. In connection with its notice of these houses, the Cincinnati *Gazette* gives the following illustration of the advantage of advertising:

Messrs. Hinkle, Guild & Co., inserted, a few days since, in the Gazette, an advertisement of portable houses, which they are manufacturing at their extensive establishment, especially for the Kansas market. Within forty-eight hours from the time our paper was issued, on that day, the firm sold, to parties whose attention had been directed to the matter by the advertisement, *forty thousand dollars worth* of those houses.—Mr. Hinkle showed us a contract he made with one gentleman for twenty thousand dollars' worth of the cottages. This purchaser lives one hundred miles from Cincinnati, in a country town, situated on a railroad. He had received the Gazette by the early morning train, read the advertisement, left for the city the same afternoon, and closed the contract the following morning. This case illustrates the advantages of advertising.

NEW YORK JUDICIARY.—Gov. King has filled the vacancy in the Eighth Judicial District, created by the resignation of Judge Mullett, by the appointment of the Hon. *Martin Grover*, of Allegany county.

THE MINNESOTA CAPITOL.—The last St. Paul *Minnesotian* has the following in regard to the bill for removing the capitol to St. Peters:

Our reports show the final proceedings in both houses. Suffice it to say, *the Capitol moving bill is not a law, in any shape or form.*

We shall soon hear the *iron steed*, and reap the advantage of its tireless sinews.—*Oshkosh Democrat.*

THE WAUSAU MAIL.—Our mail from below is now coming regularly *via* Wausau, and the consequence is that we get news from ten to twelve days later than we formerly received it via Marquette. The last came in on Sunday last, and got through to Minnesota in *four days* from the shanties, or six days from Wausau. This is the quickest time yet made. It brought us dates to the 19th of February, from Milwaukee and other places in Wisconsin, and to the 17th from Detroit. Chicago papers were a little behind this time, though they have usually been in advance. Our latest dates, however, have been from Wisconsin. By the last mail we received the *Pineryy*," published at Wausau; the *Herald*, at Plover, Wis., and the Daily *Sentinel*, of Milwaukee, all bearing date of Feb. 19th.—*Lake Superior Miner*, March 9.

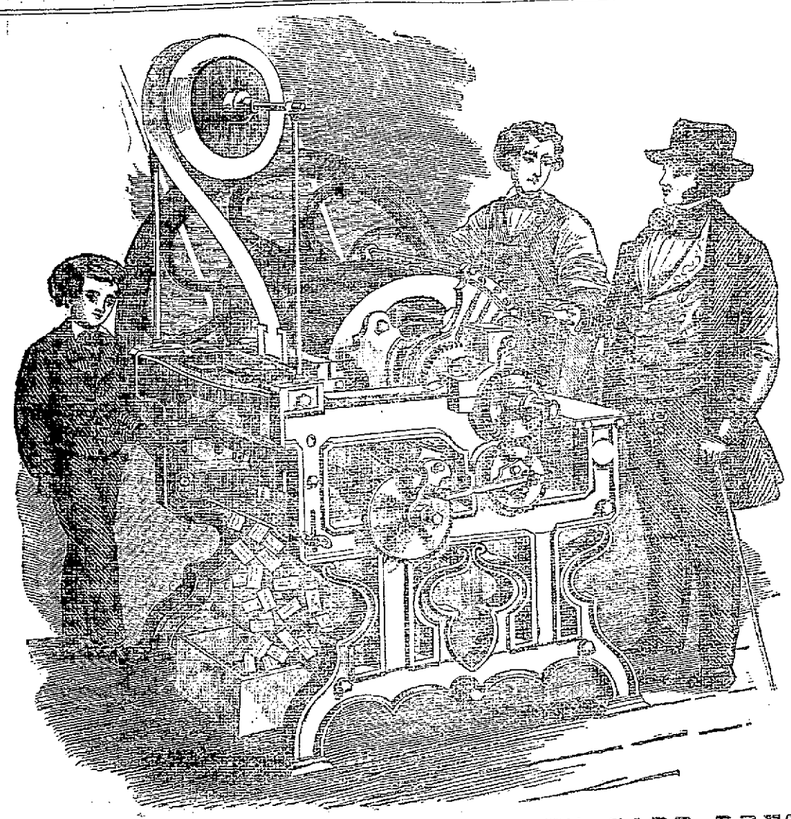
How the Engineer Died at Desjardins.

The engineer (brave fellow!) whistled "on brakes," and while endavoring to avert the catastrophe, went down with the engine. Instead of attempting to escape at the first warning, he staid until the moment when the engine was precipitated into the abyss, and was reversing the engine, endeavoring, if possible, to prevent the fatal result.—*Hamilton Spectator.*

When the last account of Heroes is made up, it will contain some other names than those of the soldiers we are wont to honor with the title. The Engineer who lies under the water at Desjardins, the boy on the Central Road whose dead fingers were clutching his Brake, and hundreds of other nameless heroes on our Railways, who meet death rather than desert duty, are entitled to higher monuments than the stormers of Malakoffs and captors of Rodanz.—*Albany Evening Journal.*

THEN AND NOW.—To serve for a parallel between the American Supreme Court in the year 1857 and the British Court of King's Bench in the year 1772—between the Democratic Chief Justice Taney and the Royalist Chief Justice Mansfield—our readers may well be reminded of the fact that in deciding the case of Somerset, the great English jurist declared that though there were 15,000 slaves then in England to be made free by the decision, and though they were made free by the decision, and though they were worth to their masters £750,000, ($3,750,000,) yet "fiat justitia rust celum." He resolutely followed the logic of the Common Law, and pronouncing the decision which made British soil intolerable of Human Slavery, said that the institution was "of such a nature that it was incapable of being introduced on any reasons, moral or political."—*Albany Eve. Journal.*

SHOCKING DEATH.—We are pained to learn that on last Saturday morning, a son of Mr. Holley, editor of the Kilbourn City *Mirror*, fell from a bluff on the river at that place, a distance of 40 feet, and was killed by the fall. He was found dead at the foot of the precipice. He was 20 years old, and is said to have been a young man of fine character.—*Portage City Ind.*



THE GREAT AMERICAN "FIRE-FLY" CARD PRESS.

We present our readers to-day with a picture of the new DOUBLE FIRE-FLY CARD PRESS, with which we have just provided our Job Office.—Many of our citizens have already seen it in operation, and all who have seen it concur in an expression of wonder at its completeness of workmanship, combined with simplicity, its perfect accuracy, its clear impression, its great speed of action, and the life-like manner in which it goes through its manifold operations of INKING ITS ROLLERS, PRINTING, CUTTING, and COUNTING ITS CARDS. We ran it yesterday at the rate of over **16,000** an hour, getting a clear and beautiful impression on each card. It must bring about a revolution in the card-printing business, doing its work FASTER, BETTER, and CHEAPER than any other machine known. The convenience of such a machine for getting up cards on short notice will be appreciated by merchants, who have frequent opportunities to send packages of these business introductions into different parts of the West, as an order can be filled in half an hour for any reasonable number.

Mr. Gordon, the inventor, says very truly of this machine:

"The machine is very strong and simple, and occupies but little room, and may be worked with ease by a boy. It is quickly made ready, and in all its movements works with unerring certainty—INKING, FEEDING, PRINTING, CUTTING and COUNTING ITS OWN CARDS from a continuous strip of card board. Its distribution is rotary, with a double set of inking rollers, alternately inking the form. The vibration is beautiful—four rollers vibrating, or two in each set. This is admitted by all to be not only the Fastest, but the Best, and Cheapest card press *ever yet invented*. It is capable of printing from 8,000 to 20,000 per hour. Owing to its great rapidity, and the almost incredible amount of money it will earn in a short space of time, but one of these presses will generally be required in a city; therefore BUT ONE, with the EXCLUSIVE RIGHT, will be sold. The press should be seen in operation to be thoroughly understood, or a correct estimate formed of its value."

So much for the inventor's own judgment of his machine. We add a few extracts from letters from persons who have thoroughly tested them:

From FRANCIS HART, 63 Courtland St., N. Y.

The rapidity with which it prints cards, which seems to be limited only by the tenacity of the composition rollers, is wonderful, and immensely satisfactory; but with me, the most gratifying quality in the machine is the beauty of the impression, in which it excels all presses of which I have any knowledge. The impression is scarcely discernible on the back of the card.

* * * * * * *

The impression is beautiful, greatly resembling copper-plate; and the distribution of the ink is so perfect, that there is a charming uniformity maintained in color.

From HOWELL EVANS, South Fourth St., Philadelphia:

It is not beyond my recollection, when 250 impressions per hour was thought to be pretty rapid printing; and so it was then, but now we have a Press that travels, or prints, and counts the cards, very much in the same comparison to the old hand press (and a great many of the new patents) that the locomotive bears to the old Conestoga be-bolled wagon, with its eight horses, feed chest and engineer.

* * * * * * *

It is fully competent to print *ten thousand cards per hour*, and may be, and has been so constructed as to print *twenty thousand cards per hour*, equally as well, with a clear, sharp impression, as can be produced on any press extant—and added to the advantage of such *unequaled speed*, it cuts and counts the cards with the greatest accuracy. It will print the finest enamelled surface card with as much delicacy of impression and evenness of color, as can be done on any press, and at a much greater speed. I have been so pleased with the press, in all its operations, as to be able cheerfully to say, that I do not regret having purchased one of them, and with it the right of our city. It is an old saying, "seeing is believing," therefore I would advise everybody to call and see the press, and if they ever patronize the printer, and require cards, I am certain they will leave an order, and go away well satisfied.

From Emery N. Moore, Boston:

I have frequently printed on the press the astonishing number of *eight thousand cards per hour*, and have printed them better, in every respect, than could have been done by any other machine that I have any knowledge of, and I believe I have had something to do with almost every card press for the last twenty years; in short, I may say without fear of contradiction, that the Fire Fly Card Press is the "*ne plus ultra*," and cannot be surpassed, and must necessarily give any one using it the entire monopoly of the card business.

From Houghton & Co., *Advertiser* office, Galena:

We regard it as the greatest invention of the age, and though we felt at the time of purchase that we were paying an enormous price for a press that would only print cards, yet we are convinced that it is by far the cheapest press extant. It will earn more money than any two machines we ever saw. You ask us if we would be willing to sell our press and right for $5,000. We answer, emphatically, no! We find that with the great increase of card printing, we have also an increase in a corresponding rate in our other printing; orders are flowing in from all quarters. Why? Because we can now compete with the largest eastern houses, and can do printing as cheap as your Chicago printers—the best and fastest. We can now print cards and deliver them to our customers for a less sum than we formerly paid for blank cards.

From C. N. Morris & Co., Cincinnati:

The Fire Fly Press can do all we could wish, and we can safely say that card printing is at its zenith when applied to this machine; and in the long run, when we have 20,000 or 30,000 cards to print at one time, the last thousand will look equally as well as the first thousand.

We again invite our readers to call and witness the operation of this machine, and see if the half has been told them.

A DASH THROUGH WISCONSIN AND BACK AGAIN.—Mr. TAYLOR, one of the editors of the Chicago *Journal*, has been making a hasty trip through a part of Wisconsin, and back again; and here is what came of it. He says:

What we have seen of that State, gives us an idea of a vigor unsurpassed in the entire North West; of resources of mine and mind, of soil and muscle, that will render it one of the most prosperous, and noble States in the confederacy. The thought and means it freely gives to schools; the thriving towns it is constantly building; not an idle stream will eventually meander through its bosom; not a bed of ore it will not disturb; not a field it will leave uncultivated. True, there is labor to be done, but Wisconsin possesses the muscle to achieve it. In many portions of our own State, prairie gardens unroll their thousands of acres as a scroll; we have only to guide the plough, and open the full hand, and harvests rustle all abroad.

In Wisconsin, they need a little more patience, a little more toil. Their greatness, like the growth of the maple is something gradual at first but what beauty there will be, by and by, in its shade; what strength in its column; what majesty in its proportions. Its swift-running streams will have an errand as they run: its slopes and hills will be clothed in the green and golden robe of civilization; its graceful mounds will be crowned with temples of learning, and homes of happiness and peace will cluster in its valleys. All in all, it will be a beautiful specimen of State Architecture, surmounted by Madison, its capital, fashioned in the true Corinthian of a most liberal handed nature.

So grand a theatre reared in so grand an order endows men with a stronger and longer hold on life; lends a dignity to the parts they play, and gives an age, rather than a generation, for their audience.

So thinking, we dashed through the Wisconsin woods, again *en route* for home; and we must say that the conductors and engineers on the La Cresse Railroad, are no "conservatives." They make stops as brief as they are frequent; they pay their respects to all sorts of places, and *places* for places; they take on every body that wishes to ride; they set off whoever has reached his journey's end, house or no house: they give a warning whistle to all the cow paths and wagon tracks that wander across the way; they treat everybody well, and they make good time. The way we plunged amongmounds, and through the big timber, and over the little bridges and among the wood piles, and into the "deep cuts," cutting by a house corner like a knife, and rushing among tree-tops like a whirlwind, made a real John Gilpin's day of it.

PRE-PAYMENT OF TRANSIENT PRINTED MATTERS.—We clip from the Washington *Union*, the following regulation adopted by the P. M. General to carry out the provisions of the late act of Congress:

1. Books, not weighing over four pounds may be sent in the mail, pre-paid by postage stamps at one cent an ounce, any distance in the United States under 3,000 miles, and at two cents an ounce over 3,000 miles, provided they are put up without a cover or wrapper, or in a cover or wrapper open at the ends or sides, so that their character may be determined without removing the wrapper.

2. Unsealed circulars, advertisements, business cards, transient newspapers, and every other article of transient printed matter, (except books,) not weighing over three ounces, sent in the mail to any part of the United States, are chargable with one cent postage each, to be prepaid by postage stamps. Where more than one circular is printed on a sheet, or a circular and letter, each must be charged with a single rate. This applies to lottery and other kindred sheets assuming the form and name of newspapers; and the miscellaneous matter in such sheets must also be charged with one rate. A business card on an unsealed envelope of a circular subjects the entire packet to letter postage. Any transient matter, like a circular or hand-bill, enclosed in or with a periodical or newspaper sent to a subscriber, or to any other person, subjects the whole package to letter postage; and whenever subject to letter postage, from being sealed, or from any cause whatever, all printed matter, without exception must be prepaid, or excluded from the mail. It is the duty of the postmaster at the mailing office, as well as at the office of delivery, carefully to examine all printed matter, in order to see that it is charged with the proper rate of postage, and to detect fraud. At offices where postage stamps cannot be procured, Postmasters are authorized to receive money in pre-payment of postage on transient matter; but they should be careful to keep a supply of stamps on hand.

From the New York Tribune.

What is to be done about it?

"Well, what do you propose to *do* about it?" is tauntingly asked by our Northern chucklers over the late most unjust and deplorable decision in the Dred Scott case. "Suppose *it is* all wrong, in 'violation of law and of precedent,' 'how do you expect to help yourselves?' What 'will all your protests and agitation amount to?' Let us answer these gentlemen briefly, but clearly.

I. We do *not* purpose to resist the Federal authorities, nor to break up the Union. We do not esteem either rebellion or disunion the proper remedy for political or judicial wrongs, while the Freedom of the Press and the Right of Suffrage are maintained. Especially should we deem disunion most untimely, now that the highest tribunal has—though extra judicially and without authority—pronounced Slavery a National, not a sectional, institution, making it a concern of the nominally Free equally with the Slave States.—When this doctrine comes to be positively established hereafter, it will be settled that Slavery must pervade and control the whole Union or be expelled from every part of it. We have not desired such an issue; but, when it is made up and forced upon us by the Slave Power, we shall not shrink from it. Disunion involves the abandonment of our countrymen to perpetual bondage; we choose not to desert them.

II. We do mean to make plain to all our countrymen who can read, the iniquity and enormity of the Dred Scott decision in all its parts, but especially in its fundamental denial to the feeble and down-trodden of any right of appeal to the Federal tribunals. By every principle of righteous jurisprudence, the more humble or disgraded an individual or class may be, the more imperative is the duty of the tribunals to hear the pleadings and assert the right of such appliant or class. We mean to make the American people perceive and feel that injustice to a part is peril to all, and that the refusal to consider Dred Scott's prayer for liberty on the express ground of his being a black man, therefore possessing no rights which white men are bound to respect, is a fatal blow at the rights and liberties of all.

III. We mean to show that a decision of the Supreme Court, though formidable, is not irreversible. That Court affirmed the constitutional validity of the Alien and Sedition acts, yet the people annulled those acts and paid back the penalties imposed and exacted under them by the Federal Judiciary. That Court pronounced a Bank of the United States perfectly constitutional, yet the people ultimately made a contrary decision, which prevailed over the Court's. So in other cases. So will it be again.

IV. We mean to urge and effect a re-adjustment of the basis on which Justices of the Supreme Court are apportioned. Now Six Hundred Thousand Free People in a Slave District have equal weight in the constitution of the Court with Four Millions in a Free District; and Six Millions of Free People in Slave States have more weight than Sixteen Millions in Free States. This is grossly unjust, and cannot be upheld.—Make the Judicial Districts equal, let Judges be duly selected therefrom, and the Dred Scott decision will soon be overruled and effaced.

V. We mean to create and arouse an enlightened Public Sentiment which shall ultimately place the Federal Government, in all its departments, in the hands of men who love the Constitution and the Union much, but Liberty, Eternal Justice and the inalienable Rights of Man, still more—men who will regard Freedom as the universal and everlasting rule, and Slavery as the local and transitory exception—men who will give Shylock his "pound of flesh," but warn him in taking it to shed "no drop of Christian blood"—men who will see in the decision of the rights of men legally free, like Dred Scott as of those permitted by vicious local regulations, over which the Nation has no control, to claim property in the limbs and bodies of their fellow-men.

VI. In short, we mean to prove, by the issue of this contest, that Justice is the law of God's universe, to which all human laws should and must conform, and that patient waiting and earnest working will eventually secure its triumph.

—If there be treason in this, let the Federal District-Attorney hurry up his documents.

Railroad Accident.

LOUISVILLE, March 18.

The train leaving New Albany for Salem, Ind., at 1:30 P. M., yesterday, broke through Muddy Fork bridge, 16 miles north of New Albany, precipitating two passenger cars into the creek about twelve or 15 feet. The locomotive, baggage car and tender passed over the bridge safely. Garrison Smith, brakeman, killed; Mrs. Shields, of Mitchell, Ind., leg broken; Jacob Flaxen, pedlar, severe flesh wound. Other injuries trifling. The bridge was new. The accident has not been accounted for as yet.

Later from Kansas.

Mr. Charles Wood, who was one of the Chicago company that went to Kansas last summer, has returned, after an absence of nine months. He was through the "wars," but escaped unhurt. He reports the "Chicago Boys" as being well, and being pleased with the country. They are all hard at work, building houses, fencing claims, getting out lumber and the like.

He left Quindaro on the 10th inst. Business was brisk at that place, with a fine prospect of a rapid growth of the town. Mr. W. reports the emigration into the Territory this Spring, as exceeding all anticipation. Every day, from two to five steamers arrived, laden down to the guards with emigrants and goods. The large majority of them, he says, are Free State people. As soon as they land at Quindaro, Kansas City or Leavenworth, they scatter into the Territory in search of claims. A large portion of the emigrants come in families, women and children accompanying their husbands. Most of the settlers looked like persons who were possessed of considerable means, and would be able to sustain themselves.

Mr. W. is confident that if the flow of Free State people continues as strong for six months as it has been for the past three weeks, that the Free State cause will triumph by the mere force of numbers.—*Chicago Tribune.*

CHEAP FURNITURE.—Dr. Magoon, recently in a lecture on "Mind your Business," told the following good one:—

A young man went from New York city to the West where he commenced business on his own account, and married. His friends in the city were interested in his welfare, and when a merchant was about to journey to the place where the young man had located, he was requested to visit the emigrant, and ascertain how he lived, what sort of a wife he had chosen, his prospects, &c. Accordingly the New Yorker ascertained the residence of his young friend, and called upon him quite early in the morning. He found him in a small neat cottage, and just taking his breakfast. The introduction of the New Yorker to his wife was quite off-hand and unceremonious, and he was requested to be seated and partake of the morning meal, the young wife had prepared the steak, biscuit and coffee with her own hands, and for a table had used her kneading board, over which a napkin was spread, and the "board" placed on her lap. The New Yorker declined a seat at table, and took his leave.—On making his report to his New York friends as to how he found his young friend living, he described the style as "magnificent!"—and for explanation of the superlative he said, that were he the owner of that young man's furniture, he would not take ten thousand dollars for the legs of his table!

DIED.

On Thursday morning, March 19th, at 3 o'clock, of bleeding at the lungs, Mr. ARCHER C. EVANS, late of Cincinnati. Aged 32 years, 7 months and 5 days.

The funeral services will take place at the residence of his Father, on Jefferson Street, above Ogden, this morning at 10 o'clock. Friends of the family are respectfully invited.

Toronto Market.

TORONTO, March 14.

There was a good attendance of farmers on the market with produce, all of which moved off rapidly at full rates. Wheat, to a considerable extent, sold at 6s@s 7½d.—The price having declined, and there being no competition, the market presents a rather unfavorable aspect. Flour nominal; quotations of flour are—superfine, 27s, delivered at Don Station; fancy, 27s 6d@28s 9d; superfine, 26s@27s 6d.

In other articles there is no perceptible change.—*Globe.*

Real Estate Agencies.

CASE & SANBORN,

GENERAL REAL ESTATE AGENTS,

Fox Lake, Dodge County, Wisconsin.

TO THOSE desirous of locating in a place where business will increase and become permanently profitable,

FOX LAKE

Presents unusual inducements. It is so situated as to command, permanently and exclusively, the trade of the *largest and best* agricultural district Wisconsin affords, and agriculture being the great basis of business in the west, it follows that this must be one the largest inland towns in the State. The superior improvements, educational advantages, &c., show conclusively that it is in a *prosperous* condition, and serve *also as a guarantee for the future.*

We offer the following

FARMS FOR SALE.

The celebrated Schamburgh Place, on Lake Emily, 6 miles north of Fox Lake, 600 acres first-rate soil, over half improved prairie, balance heavy timber, with an excellent Lime Stone Quarry. Price $25 per acre, one-third down balance in 5 years, 7 per ct.

80 acres *choice prairie*, over half improved, 1½ miles west of Fox Lake, $2,200, $500 down, balance in 2 years.

40 acres, 4 miles east, all improved, $1,000, half down.

160 acres *prairie*, with a *timber lot*, nearly half improved, frame house, well, &c., 2 miles from Fox Lake.—This is a good farm, and will be sold low.

80 acres prairie and openings, all available, within ten minutes walk of the Fox Lake College, would make a pleasant country residence, and will be sold below anything in market.

We have also for sale, at low prices, a large number of lots, and some pleasant houses and lots, located in different parts of Fox Lake. octly

POLICE COURT, MARCH 19.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

THE RAPE CASE.—The Police Court was densely crowded during the forenoon, and to 3 o'clock in the afternoon, to hear the evidence in the case of the State vs Charles Dimmick, charged with having committed a rape upon a girl named Ann Sowa, on the 8th of March. Mr. J. E. Arnold conducted the defense. There was but one witness sworn, the complainant herself, and her evidence, as elicited by the cross examination, showed her to be a wanton, wicked girl, utterly devoid of all shame, and totally deficient in every sense of morality, or female decency, committing absolute perjury upon the stand, and proving her own prostitution for years back.

Before the cross-examination of the complainant was ended, the District Attorney rose and stated that he was fully satisfied from the evidence of the complainant, that his duty was at once to enter a *nol pros*, and discharge the defendant. This was done.

The girl admitted that the complaint was made *solely for the purpose of getting money out of the defendant*, and under oath stated that she would rather have *twenty dollars* than have the defendant go to jail.

We have noticed this case more than common, for the reason that the defendant was grossly wronged by a portion of the press, at the time of his arrest. They should have the fairness to publish the *facts*, now that they have transpired. The father and mother of the defendant are both respectable people.

A warrant was issued against Edward Kavanaugh and John Carrigan, for assault and battery upon Edward Cunningham. The complainant was badly cut on the head with a stone shot, and was bleeding profusely. Both the defendants were arrested and taken to jail.

Michael Purcell was arrested for being disorderly, and fined $5. The defendant claimed that several men were fighting, and that the officers would not arrest them but took him because he was a stranger: that he, the defendant, was struck several times, and the man who struck him was not arrested. The police asked the name of the man who struck him, and offered to go and arrest him if he would give his name; this he refused to do, and was taken to jail for 10 days as he could not pay his fine.

A Political Aristocrat.

The *News* has assumed the supervision of the various Ward meetings, caucuses and calls, which are quite prevalent about these days, and decides of hand which are orthodox and which heterodox, to the wonder of the perplexed democracy. A few days since the regular Democratic Committee for the First Ward sent a call for a primary meeting to the *News*, for publication, but the "official organ" suppressed it. Very shortly after, another call, *not* signed, for a meeting in the same Ward, was published in the *News* and editorially endorsed as right and regular. On Tuesday the *News* gave Mr. Cameron a going over for allowing his name to be used by Know-Nothings and familiarly mentioned in the *American*, as a candidate for County Judge, and required Mr. C. to purge himself of contempt for democratic usages, in pursuing this course. Last week the *News* published, under protest, the ticket nominated at a meeting of the Fourth Ward Democracy and notified the regulars that it was not binding on them. And yesterday this imperious organ stigmatized as *boys* the nominations made at a regular meeting of the Second Ward Democracy, held pursuant to a call signed by the proper Ward Committe.

It is unpleasant to witness such family jars among our Democratic brethren and we respectfully suggest that before they issue any calls for Ward meetings, or nominate any more tickets, they submit them to the Autocrat of the *News* and have them endorsed, in advance, as orthodox in themselves and binding upon all of the faith. This will save both time and trouble.

Meeting of the Board of Trade.

A special meeting of the Board of Trade was held at their rooms in the Newhall House, yesterday noon, to take action in regard to the proposed Ship Canal from Lake St. Clair to Rondeau on Lake Erie. The President, Mr. L. H. Kellogg, called the Board to order, and after briefly stating the object of the meeting, on motion, Messrs. Rufus King, S. T. Hooker and E. D. Gray were appointed a committee to draft and report resolutions for the consideration of the Board.

The subject of completing the new Harbor at the Straight Cut was next taken up and after a few remarks from several members of the Board, Messrs. S. B. Grant, L. W. Weeks and Rufus King, were appointed a Committee to wait upon the Common Council and urge the adoption of prompt and efficient measures to make the Straight Cut accessible to the largest vessels, as soon as possible after the opening of navigation.

Adjourned.

FIRST WARD MEETING.—We have been furnished with the following proceedings of the meeting held at Peter Theis' house, on Wednesday evening:

At a meeting of electors of the 1st Ward at the house of Peter Theis, corner of Jackson and Ogden streets, on the 13th inst., in pursuance of a public call for the selecting and nominating suitable candidates to fill the different Ward offices, the meeting was called to order by choosing Pierce Quirk as Chairman, and Mathew Keel as Secretary.

Gabriel Kavanaugh, N. Ludovick, John Dunn, Coleman Connelly, W. Wicot, P. Drew, were appointed a committee to nominate officers. They reported the following:

Alderman 2 years—Nicholas O'Neill.
" *1 year*—Frederick Hildreman.
Assessor—Patrick Dunne.
Constable—J. N. Scheffel.
Railroad Commissioner—Peter Theis.

The meeting adopted a resolution to support the candidates at the coming canvass.

PIERCE QUIRK, Ch'n.

M. KEEL, Sec'y.

SECOND WARD NOMINATIONS.—A Democratic meeting held in the Second Ward, on the 17th instant, nominated the following ticket:

Alderman for 2 years—W. Reigenfuss.
Alderman for 1 year.—John Faldner.
Assessor—Joseph Hendschke.
R. R. Commissioner—W. H. Jacobs.
Constable—Charles Neuman.

The meeting also resolved not to send any Delegates to a City Convention which may be called hereafter.

The *News* denounces the above ticket as *bogus*, although the meeting which nominated it was regularly called by the Democratic Ward Committee. It does not appear who made the *News* censor of these matters.

☞ Mr. Richmond's Lecture last evening on "the Saxon Strength of the English tongue" was very well attended, considering the condition of the streets, and the audience was delighted with his pleasant illustrations of a homely subject, too seldom considered. We propose to say something more of this lecture. Meantime, we are sure that we shall give a welcome piece of information when we say that Mr. Richmond hinted that he should soon give us a lecture on the Poetry of the Bible.

A COLLISION.—Our old correspondent CHARLES GROTKIN, "Scholar of Divine Philosophy of Mystical things," sends us a very long communication, warning "all the world and the rest of mankind" of the trouble likely to follow the collision of a star with the world on the 18th of July next, whereby various terrestrial convenciences may be dissolved. Mr. Grotkie thinks that several of the signs which were to precede the destruction of the world have already been fulfilled. Thus, to use his graphic language:

"One is the sun appear a whole month so small as a ball, wherewith the boys play—and over Dresden, Germany, is the moon fall down jump-wise, the citizen are come so in depressed anxiouis that they supposed he will press down the whole city, but he hash stop a while over the city, and is then again jump-wise moved on his place."

The Philosopher also sends us an astonishing array of pen marks, with the endorsement:

"When Gentle Editors find taste of this two German Hymns, let it translate."

We will do that.

STABBING AFFRAY IN THE THIRD WARD.—A young man named Edward Daley was stabbed in four places last night, in his father's shanty, on the beach in the Third Ward. The old man came to the Watch House after the affray had taken place, to get his son arrested, claiming that his son had beaten him. One of the stabs was within an eighth of an inch of the main artery of the neck. Daley says his brother held him while his father indicted the wounds, and that his mother was stabbed through her arm while defending her son.

TYPE FOUNDRY.—EDWARD MILLER has removed his Type Foundry from Market street to Bircham's Block, corner of Spring and West Water streets, formerly occupied by the *Free Democrat*. He is fitting up the foundry in good style and keeps on hand or will cast to order, all kinds of printing material. With a fair share of encouragement from the Printers of the North West, Mr. MILLER will build up a first class establishment in this city.

FURNITURE—CABINET WARE.—The advertisement of Messrs. NOYES, FLENTJEIGE & Co., in to-day's paper, reminds us to say that nowhere in the North-West can better or handsomer Furniture be obtained than at their extensive Warehouse on East Water street. We have seen articles of Cabinet Ware made by them during the last winter, which for style, material and workmanship might challenge comparison with the very best Eastern made furniture.

FLORENCE NIGHTINGALE.—We are indebted to Mr. R. F. TUSCOPP, agent for the *Albion* in this city, for a copy of the very beautiful portrait of Florence Nightingale, engraved expressly for the *Albion* and presented, as a New Year's gift, to the subscribers of that capital weekly. The plate may be seen in the window of LOOMIS & HOSE'S Jewelry Store. The *Albion*, without the picture, is abundantly worth the price asked for it.

RIOT ON HURON STREET.—A riot and fight took place last night on Huron street, in which about twenty were engaged pell mell. The Police went to the row and took up several for disorderly conduct, one of them for making an attempt to rescue a prisoner. The following are the names of those arrested: Peter Ryan, Timothy Savage, Patrick Kenna and Thomas McGrath. They were put in the cells to await their trial this morning.

SECOND BAPTIST CHURCH.—We learn that another Baptist Church has been organized in this city, and that the congregation has engaged Concert Hall for its services at present. Services will be held there for the first time on Sunday next, at 10 o'clock A. M., and 7½ P. M. Rev. Mr. MOORE, the pastor will preach on *The influences of the Sanctuary.*

BOARD OF TRADE REPORT IN GERMAN.—The publishers of the "See-Bote," in this city, have got up a very neat pamphlet containing a German translation of the recent Annual Report of our Board of Trade. It should be widely circulated.

☞ WALL has a new advertisement this morning, which, of course, everybody will read. WALL has a "mighty talkin' way with him" in regard to advertisements.

WHO WANTS TO BORROW MONEY?—If there are any such persons in our city their attention is invited to Mr. FILLMORE'S advertisement in this morning's paper.

IMPROVE YOUR WATER POWER,
by using a "Tuttle Water Wheel," the best in the market, made by
TURTON & SERCOMB,
mar19 West Water Street, Milwaukee

THE VERY BEST WATER WHEEL
yet introduced into Wisconsin, is the Tuttle Patent.—A descriptive Circular forwarded upon application to
TURTON & SERCOMB,
mar19 Eagle Foundry, Milwaukee.

IT EXCEEDS OUR ANTICIPATIONS,
and your promises is the verdict of all the mill owners who have used the Tuttle Water Wheel, made and sold by
TURTON & SERCOMB,
mar19 West Water Street, Milwaukee.

READ THE FOLLOWING EXTRACT
from a letter from Geo. Dow, Esq., Cambridge, Jefferson County, this State:

"I question whether the application of the power of Water can be much farther improved. I have several other Wheels under the same head, and consider the Tuttle Wheel one hundred per cent better than any or them."

TURTON & SERCOMB,
For sale by
mar19 Eagle Foundry, Milwaukee.

IT OCCUPIES BUT LITTLE SPACE,
is not affected by ice in the severest weather; runs perfectly steady; not liable to get out of order; uses less water in proportion to power given than any other wheel, and is no more expensive than inferior wheels, are a few of the advantages possessed by the Tuttle Water Wheel, made and sold by
TURTON & SERCOMB,

CALEB WALL & CO.,
CITY LAND OFFICE.

A Well Improved Farm For Sale.

WE offer for sale a Farm on one of the Plank Roads, 14½ miles from the City and half a mile from a Railroad Depot. It contains 90 acres, fifty of them under cultivation, 15 in timber, and the balance good meadow land, well watered. There is on the premises a good house and barn, and a fine orchard of apple trees, plum trees, &c. The owner is about removing from this section and will sell cheap.
mar16 CALEB WALL & CO.

City Land Office, Michigan St.

A FIRST CLASS FARM FOR SALE or Exchange for City Property or for Bonds and Mortgages.

This farm is 85 miles west of Milwaukee, and near the Eagle Prairie Depot, on the Mil. & Miss. R. R. It embraces 505 acres, 200 of which are prairie, and the balance timber; 175 acres under cultivation, and 40 acres sowed down in clover and timothy.

The farm is fenced on the outside with choice cut post and board fence 5 boards high, the posts and boards having been rawed according to bill—the posts of the best white oak, and the boards of pine. The other fences are of common posts and boards, and of rails.

On the farm are two dwelling houses. The principal dwelling is composed of a main 2 story, strong frame building, 25 by 28 feet, and of a 1½ story extension, 14 by 40 feet. The house is neatly and well finished; it is well papered and painted throughout; the windows hung with blinds, and a porch, along the extension, hung with blinds also. There are, in all, thirteen rooms in this house—1 main front parlor, 1 back do or family room, 1 dining room, 1 store room, 1 kitchen (supplied with cistern, sink and pump, and at the door a good well of water), 1 laundry, a library room, a clothes room, and 5 chambers. Attached to the kitchen and laundry is a wood house, 18 by 55 feet. Under the house is a first-rate cellar, 25 by 28 feet.

The other dwelling is a frame tenant house—main front 14 by 25 feet, with an L 18 by 20 feet. The house, grounds and garden, embracing 5 acres, are separately enclosed, with neat picket fence. The barn and stock-yard, embracing 2 acres, is, also, separately enclosed. In the barn yard are large and small hog-pens and sheds, both for breeding and fatting; cow shed, shed 4 applied to 56 feet long, and a good well of water, furnished with a power force pump.

We will sell this farm, any time before the middle of April next, at the most reasonable price and on the most favorable terms; as for instance, ¼ cash in hand and the balance in five years with interest; semi annually, secured by mortgage on the land, or Milwaukee city property; or for ⅓ cash, and the balance in city property; or for ⅔ in city property, and the balance in five years, with interest, secured in the manner before mentioned; or entirely for good bank (or bonds for notes) and mortgages, or city property, having from 3 to 5 years to run.

The cultivated portion of the farm is already plowed, ready for spring seeding.

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offer on reasonable terms ten thousand (10,000) acres of the finest grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.,

and situated on the banks of the Mississippi river, tributary to which is the richest State of Iowa and Wisconsin. It is unnecessary to make my comments, for it is too evident that it must be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others I will say—call and see me, and you will be sure to be rewarded.

Important to Lumberers, &c.

THE SUBSCRIBER is prepared to dispose of two licenses to cut timber on the north shore of Georgian Bay, Lake Huron, embracing an area of fifty square miles, or 32,000 acres each. One is situated on Serpent River, near the Hydes Mines. The other is situated at the mouth and extends up the Shaw-ne-o-ga River twelve miles, and belonging thereto is an almost unlimited water power, near the mouth of the river, up to which vessels of the largest size can come. A short distance up the same river, the river widens, forming a place in which any quantity of logs can be boomed. The whole forming unrivalled facilities for carrying on a large lumbering business, and lying nearly on the direct line from Collingwood to Lake Michigan. For price, terms, &c., apply to the subscriber, at his office, 92 West Water Street.

INSTRUCTION.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most discriminating Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence &c.

The Surveying and Mathematical department is in progress during the day and evening.

ENGLISH AND MERCANTILE ACADEMY,

No. 40 Wisconsin Street, Milwaukee, Wisconsin

THE PRINCIPAL RESPECTFULLY informs the Public that the Winter Term of this School commences, Monday, December 8th, 1856.

The Institution has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing on the 2d Monday of September.

The whole number of Students in attendance at present is 202.

PRIMARY DEPARTMENT.

A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT

is under the superintendence of Miss. W. A. HALL. Young Ladies recite in Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

C. F. L. takes pleasure in announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure the greatest amount of intellectual and moral improvement to those entrusted to his care.

COMMERCIAL DEPARTMENT.

This department is under the immediate charge of Prof. LARRIGO, formerly engaged in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Special facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business Purposes generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various forms as used in Banking, Commerce, including General Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound, Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits, and to be succeeded by every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 4½ P. M.—Latin Class at 7½ A. M.; German Class at 3 P. M.—Evening Classes in Book-Keeping, &c., at 7 to 10.

☞ Students admitted any time, day or evening.—For further information see Circulars.

dec4-2184-d1y C. F. LARIGO, Principal.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. R. DE CRETY, from Paris, for four years past Instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their hours being arranged with that view.

Gentlemen and ladies who begin to speak either of those languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all gymnastic exercises, he being of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, and more strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, if desired.

Those parents and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will produce all Price Currents that they may want.

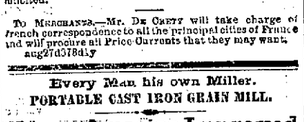
Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill is patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premium over many others in the State Fair of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Geauga, Cuyahoga, Logan, Medina, Licking, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Morgan and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superiorities of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim in great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides one set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in a few minutes.

As a proof of the estimation in which the Young Americans held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Fauconer of Cincinnati, and at New Philadelphia.

As this machine is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail prices; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would profit by selling mills in the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 20 to 30 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied in the size of the collar, and the proportionate length should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of readily suiting patrons from that fact, it is presumed, has been generally remarked. In a word strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6d3mVO&CO
